

# Despliegue front

☰ README.md

## IOYNE CRM APP

---

This is a CRM app created using PERN stack (PostgreSQL, Express, ReactJS and NodeJS) with the react component library Material UI

## Installation

---

Use the package manager [npm](#) to install all the dependencies of the project.

```
npm install
```

## Usage

---

```
npm start
```

Runs the app in the development mode.  
Open <http://localhost:3000> to view it in your browser.

The page will reload when you make changes.  
You may also see any lint errors in the console.

## Developed by
